

You Got Date Raped

Anal Cunt

You just wanted to hold hands but he wanted to fuck
he's twice your size and weight so you're shit out of luck

You got date raped, date raped (4x)

You whined to the judge, your eyes were full of tears
but you wouldn't have been raped if you didn't have 50 beers

You got date raped, date raped (4x)

Next time you go out bring a chapperone or friend
or you'll probably end up getting date raped again
you got date raped
