Baptize My Soul

You baptize my soul Want the world to know Yes you do You baptize my soul Gotta let it show Take me to the river and deliver me Oooooh ooh

I just wanna celebrate another day with you We were meant to be together, don't you know it's true? From the very start, you captured my heart Sometimes I wonder what I did before we came along Until you came around and sang me such a pretty song Like a butterfly, opened up and changed my life Giving in to you is something that I can't deny Oooooh

You (you) baptize my soul I want the world to know You manifest the 'D' in destiny (Yes you do) I said you (you) baptize my soul Gotta let it show Take me to the river and deliver me Just take this empty heart, make it whole You baptize my soul

Just the sound of your voice brings out the romance in me The slightest touch of your hand plays me like a symphony Love'll take us far, like a shooting star We don't pay no mind to all the things that people say The only thing that matters is the love we've got today It's a miracle, we're invinsible I just wanna spend my whole life living in your world Oooooh

You (you) baptize my soul I want the world to know You manifest the 'D' in destiny (Yes you do) I said you (you) baptize my soul Gotta let it show Take me to the river and deliver me Take this empty heart, make it whole You baptize my soul

You (you) baptize my soul I want the world to know You manifest the 'D' in destiny (Yes you do) I said you (you) baptize my soul Gotta let it show Take me to the river and deliver me And take this empty heart, make it whole You baptize my soul

I don't care what people say

Anastacia

What we got is here to stay Doesn't matter what we do As long as I am here with you If you wonder what I mean It's more simple than it seems Together we were meant to be Forever it is you and me

Like a butterfly Opened up my life Giving in to you is something That I can't deny

You (you) baptize my soul I want the world to know You manifest the 'D' in destiny (Yes you do) I said you (you) baptize my soul Gotta let it show Take me to the river and deliver me And take this empty heart, make it whole You baptize my soul

You baptize my soul I want the world to know
