

# Boomerang

Anastacia

I've made my share of dumb mistakes  
And I've had to learn the hard way  
What comes around goes around  
I've played with fire enough to know  
I don't want any more doors to close  
It's my choice gonna use my voice

With so much chaos everywhere  
And life's not perfect, life's not fair  
You can do what you can only do  
I've been around enough to see  
What really matter most to me  
Is the smile on your face  
Making the world a better place

Life is what you make of it you live and you learn  
Whatever you throw into it, you get in return  
Like a boomerang, like a boomerang  
Like a boomerang, boomerang

Not trying to get all mystical  
But there's one thing, it's spiritual  
You can't deny, wonder why  
Put out shit that's what you find  
Put out love, get peace of mind  
Don't play no fool, such simple rules  
I've played with fire enough to know  
I don't want any more doors to close  
It's my choice gonna use my voice

Life is what you make of it, you live and you learn  
Whatever you throw into it, you get in return  
Like a boomerang, like a boomerang  
Like a boomerang, boomerang

I dig deeper in my soul  
Gonna find the way  
Gonna find the gold

Took a little while for me to see  
Just what the boomerang means to me  
Hey hey hey hey hey hey hey

Life is what you make of it, you live and you learn  
Whatever you throw into it, you get in return  
Like a boomerang, like a boomerang  
Like a boomerang, boomerang

Boomerang  
Boomerang  
Boomerang  
Yeah c'mon
