

# Resurrection

Anastacia

I been walking on a road alone  
Following footsteps in the dark  
Finally learning to forgive  
Where I've been  
But it, feels like I'm breathing with my heart  
And all of the faces  
That kept me from places  
I needed to go  
No longer holding it back from the life I want to know

There's a new sun rising  
From a lost horizon  
And the heat that it brings  
Melts away all the things  
That has made me stand still  
Been a long time coming  
So tired of running  
I believe there's a reason  
I came through the season again  
It's my resurrection  
All that I gone through  
Is what brought me here  
So I can't regret a single thing, yeah  
I've had my heart broken  
I know what it takes to let go and move on  
I see myself coming  
And I never been this strong

Cause there's a new sun rising  
From a lost horizon  
And the heat that it brings  
Melts away all the things  
That has made me stand still  
Been a long time coming  
So tired of running  
I believe there's a reason  
I came through the season again  
It's my resurrection

Resurrection  
Yeah yeah  
Resurrection

New sun rising  
Lost horizon  
He brings all things  
Standing still  
Been a long time coming  
So tired of running  
I believe there's a reason  
I came through the season again  
Again, again
