## **Wishing Well**

I wish you well Oh Yeah Oh Yeah

What do you think of me? And who do you want me to be? Not gonna let my history Pull me down and hold me back, ya see I've learned to live my life One minute at a time Sometimes the things youlose Are exactly what you will find

(Dreams unfold and you cast a spell) Everybody shines in the wishing well Yeah yeah yeah Close your eyes and you will see Everybody's free in the wishing well (Yeah yeah yeah) Wishing well

Why do you try to hide Behind the truth that your heart denies? The answer lies so deep inside Baby spread your wings, it's time to fly Gotta leanr to live your life One minute at a time Sometimes the road you choose Has the highest hills to climb

(Dreams unfold and you cast a spell) Everybody shines in the wishing well Yeah yeah yeah Close your eyes and you will see Everybody's free in the wishing well (Yeah yeah yeah)

(Dreams unfold and you cast a spell) Everybody shines in the wishing well (Yeah) Close your eyes and you will see Everybody's free in the wishing well (Yeah yeah yeah) Wishing well

Oh Yeah Whooo Oh Oh wishing well

(Dreams unfold and you cast a spell) Everybody shines in the wishing well Yeah yeah yeah Close your eyes and you will see
