

# Can't Let Go

Anathema

On and on  
On and on  
On and on  
I can't let go  
On and on  
I can't let go

If you are not there  
I'm coming down this road again  
If you I love  
Then where are you?  
I'm coming down, down again

Cause I can't let go  
On and on  
I can't let go  
On and on

If you are not there  
I'm coming down this road again  
If you I love  
Then where are you?  
I'm coming down, down again  
If you I love  
Then where are you?  
There's something wrong, wrong again

Oh, I can't let go  
On and on  
I just can't let go  
On and on

If you are not there  
I'm coming down this road again  
If you I love  
Then where are you  
I'm coming down, down again  
If you I love  
Then where are you?  
I'm coming down this road again
