Anathema

Your dream world is a very scary place
Your dream world is a very scary place
Your dream world is a very scary place
To be trapped

Your dream world is a very scary place
Your dream world is a very scary place
Your dream world is a very scary place
To be trapped inside
To be trapped inside
To be trapped inside
All your life

Shine in time
Shine in time
Shine in time
Until you find

You're closer
You're closer
To the truth

Within you
Within you
Within you
Is the truth

That your dream world is a very scary place
That your dream world is a very scary place
That your dream world is a very scary place
To be trapped inside
To be trapped inside
To be trapped inside
All your life

You're closer
You're closer
You're closer
To the truth

Within you
Within you
Within you
Is the truth
