

Leaving It Behind

Anathema

Tonight, let go
Let go of everything, inside
Cause I said so
We'll make everything inside alright

Cause I am leaving it behind
Stop feeling dead inside tonight
Cause I am leaving it behind
Stop feeling satisfied inside

The lies, they know
They know every little thing, inside
But I said no
And I'll make everything inside alright

Cause I am leaving it behind
Stop feeling dead inside tonight
Cause I am leaving it behind
Stop feeling satisfied inside

Tonight, let go
Let go of everything, inside
Cause I said so
We'll make everything inside alright

Cause I am leaving it behind
Stop feeling dead inside tonight
Cause I am leaving it behind
Stop feeling satisfied inside
