

## Radiance

Anathema

Inside...  
The dark is fading away  
I don't want to be alone anymore

Inside...  
The light of dawn is here once more

The light...  
Darkness is slipping away

Of dawn...  
I don't want to be alone

Is here...  
Won't you stay?

Not a word passed your lips  
Just a golden kiss  
As I whispered silently  
"Help me through this"
