

## Dissenter

Anberlin

Pioneers will get the arrows  
But you know now, that's where you'll find me  
Won't stop striving, can't stop working  
You know I'll be known at the gates

I can't clothe your back forever  
I'm dissenter from you socialists  
How can you say "non-believer"  
When the sand runs from your fingers

Whoa! Yeah! Now!  
Bring it all to me!  
Yeah! Now!  
Bring your soul to me!

It's the lingo; leave no witness  
Your confusion cripples me  
Drink it in now, live the moment  
You are children in a land of men  
Lived the life, but now it's over  
All you have is yesterday  
There's no ties now, there's no binding  
Try as you might, you can't hold me back anymore!

Yeah! Now!  
Bring it on to me!  
Yeah! Now!  
Bring your soul to me!  
Yeah! Now!  
Come and get me out!  
Yeah! Now!  
Bring your soul to me!

For so long, I've dreamt of this  
Could it console me now?  
I'd stay awake and dream  
Replay every word you said to me  
For so long, I've waited for this  
And now it's finally here

Whoa! Yeah! Now!  
Bring it all to me!  
Yeah! Now!  
Bring your soul to me!  
Yeah! Now!  
Come and get me out!  
Yeah! Now!  
Bring your soul to me!
