

Losing It All

Anberlin

Not sure what tomorrow brings
Not sure why a caged bird sings
Don't ask cause I don't know
No idea just where to go
High hopes and higher dreams
May not have everything
I promise to be good
I'll be good for you
Hard work and harder times
As long as you say you are mine
We'll see the other side together

It's not losing it all, if we have each other
In the end it's all, in the end it's all that matters
If we take this chance, and it falls to pieces
In the end you're all, in the end you're all that matters

My my, oh no
Don't have much money to show
Don't care, don't cry
Wipe that mascara from your eyes
I know you'll see
We just got to believe
In you, in me
We make our own destiny

It's not losing it all, if we have each other
In the end it's all, in the end it's all that matters
If we take this chance, and it falls to pieces
In the end you're all, in the end you're all that matters

How could I say goodbye?
We've come too far to turn back now
Who are we without each other?
Too entwined to untangle now

It's not losing it all, if we have each other
In the end it's all, in the end it's all that matters
If we take this chance, and it falls to pieces
In the end you're all, in the end you're all that matters

How could I say goodbye?
We've come too far to turn back now
Who are we without each other?
Too entwined to untangle now
