

The Birth of Evil

Ancient Bards

In Westland one day
A stranger appeared
His name was Dorus
He had a revelation
Daltor he met
The king of the West
And breathlessly told him:

Sendor has found the magical sword
Sendor wants to conquer the world
Sendor has found the magical source
The black crystal sword

It's the beginning of a new war
Now that Sendor has got the sword
He wants to conquer our whole world
It is the birth of evil!

He couldn't believe
The words Dorus said
How could he know
'Bout the bewitched weapon?
Now it was the time
To reunite the kings
Hurry, because:

Sendor has found the magical sword
Sendor wants to conquer the world
Sendor has found the magical source
The black crystal sword

It's the beginning of a new war
Now that Sendor has got the sword
He wants to conquer our whole world
It is the birth of evil!
