

# Babalon Ascends

## Ancient Ceremony

Visions draw before my Eyes  
She rides the Dragon in Fire and Gold  
A new Aeon shall arise  
Scarlet Woman whispers Secrets untold  
Babalon ascends

By the seven Highpriests of Kadesh  
Jerusalem shall fall  
Creatures damned in long forgotten Times  
Storm forth to cover the Skies ebony  
Sun is painted in deepest Black  
Whilst Heaven seems to die  
Lunar Mistress empowers us with all Her bloodred Glance  
Caine's Children born as Dragon's Seed  
A new Lilith Pregnancy  
Ready to rapture the Earth and the Seas  
Now bless the Prophet of the darkest Star  
Most precious Gift to the Altar of Thine  
Is Blood of the Weak, offered like Wine  
Our Seal of Revenge is broken, the Slaves in Fear all flee  
Their dying Screams - a Lovesong to our Tyranny

"Once I inspired the Judas Kiss  
Now resurrected from the deepest Abyss  
Drink from my Chalice, the Origin of Sin  
And in Triumph and Glory we shall win!"

Enlighten me, oh Demon Whore  
Engulf me in Thy Magic  
To spread the Crown of Daath  
Through Iadnah Mad  
Mighty Empress of my Dreams  
Wed me as Khaos Bride  
Flowers of Evil decorate our Bed  
In the Temple of the Serpent  
The Gate of God decays  
Whilst I kiss jewel-covered Breasts  
Never a Prophecy was fulfilled with deeper Wilt  
Unite with me in proud Supremacy  
To bring back the Treasures once Ours  
The Slumber under holy Reign - a Myth now of the Past  
Beloved Babalon, Mother of Cruelty  
Thy Wisdom devours all Religion  
New Aeon has begun!
