

# Of Darkness Spawned Into Eternity

Ancient Wisdom

The seed of Darkness planted in the depths of my soul  
Evil, ancient Demons gathered, a corn of Fire sown

My chamber within carry the pride of the Beast  
I'm branded with Sin, upon the slaves of god I feast

Born, never to follow the laws of your feeble lord  
Born to raise the Flag of Hell and lead our supreme horde  
Born, never to bow before your crucified idol  
Born to serve unto Satan, serve unto Him

The seed of Darkness planted in the depths of my soul  
Evil, ancient Demons gathered, a corn of Fire sown  
Sulphurfields, where His image burn  
Engraved onto my soul, His image burn

My chamber within carry the pride of the Beast  
I'm branded with Sin, upon the slaves of god I feast
