

## Vampirize Natasha

Ancient

Look at you, fastened by sheltering blanket  
Did you think I'd forget how sweet you taste, nay my umbrageous  
heart still yearns for you, and still to peruse your love is s  
uch a waste.

You lie there a vision of immaculate purity, yet your eyes reve  
al the insatiable whore and now I'll love sucking your vitality  
with you, my pretty  
I just want more.

First, I'll tear asunder thy mortal garments, unmasking your pa  
le delicate flesh, then, I shall ravage your lovebroken body  
Sinking my teeth upon your tender breast.

Violently, I'll fuck your pernicious cunt, while consuming the  
precious life-force, thoroughly enjoying the sweet flavor  
I'll vampirize you, Natasha, with no remorse.

Until you shrivel into your casket, I shall continue to vampiri
