

Beauty Clown

And One

A tiny place with a spot in her face
Tiny place, tiny place, no face
Feeling well there is nothing to tell
Feeling well, feeling well in hell
I know she has a lot of beauty to give
Beauty show, beauty show, don't go
And after all she's back in my town
Back in town, back in town

She is a beauty clown
She is a beauty clown
Everybody loves when she was me
And everybody clapped so quietly
Break down
The cutiest circus in town
Together with a beauty clown
Together with a beauty clown

Ich weiß ... in meinem Herzen
Du bist die Einzige für mich!

She is a beauty clown
She is a beauty clown
Everybody loves when she was me
And everybody clapped so quietly
Break down
The cutiest circus in town
Together with a beauty clown
Together with a beauty clown
