

Friends In Heaven

And One

It's like it seems - someday
holy hands and holy talks
they'll creep - so i understand

that hypnotize tonight
hit and miss - like fragile lies
they'll creep - so i understand

strange and clean
i had the information of misery
in times of change i've seen
friends in heaven

that hypnotize tonight
hit and miss - like fragile lies
in me - so i understand

strange and clean
i had the information of misery
in times of change i've seen
friends in heaven
