

## Love And Fingers

And One

Mother's boy  
small and shy

he's a boy in the cage  
a man of middle age  
wow, I think he looks like his mother

all his life a fashion show  
a hard man's job - oh no  
with a dress in a coalmine - no

mother's boy  
small and shy

somebody knew  
(somebody knew)  
somebody knew the moving downers  
love and fingers

so he left his motherland  
to find a metalband  
now on bravos brand new cover  
I can't understand  
he's every father's lover

mother's boy  
father's toy

somebody knew...
