

Wasted

And One

Get out of my way 'cause you know
That I'm totally wasted

She wants a change in her human life
And she puts herself under the cutting knife
She wants the look and feel of an angel
Even if it means a deal with the devil

Get out of my way 'cause you know
That I'm totally wasted
Get out get out
'Cause I'm everything you ever hated

I hear screams of thousand virgins
I see the dreams of mighty surgeons

Get out of my way 'cause you know
That I'm totally wasted

Get out get out
'Cause I'm everything you ever hated

So when I get my feet on the ground
Take notice of a distant sound
Sleepless soul wretched and torn
Just waiting to be reborn

Get out of my way 'cause you know
That I'm totally wasted
Get out get out
'Cause I'm everything you ever hated
