

## Somewhere, Someday, Someway

Andi Deris

I will find you some tomorrow  
I will know you by your eyes  
Then it will be easy to live on my life  
Girl, I know you're out there, can you hear me say  
Somewhere, someday, someday  
You are so clear in my mind  
You are the one I'll make mine  
Somewhere, someday, someday  
Somewhere, someday...  
There's a time for everybody  
And I'm living for that day  
Though it might come easy on a stony way  
I will believe you and I win the play  
Somewhere, someday, someday  
Somewhere, someday...  
You are so clear in my mind  
You are the one I'll make mine  
Whoever, wherever, two hearts belong together  
Whenever, I can't say  
Somewhere, someday, someday  
Somewhere, someday, someday  
Somewhere, someday, someday  
Somewhere, someday, someday
