

Welcome to this brave new world
Where there's a challenge waiting for you
It's the hardest road
We wanna see if you can go through

Hold on! There's no time (to give up)
You must believe (to reach the victory)

Look ahead and see the track coming for you
Now, open your eyes, (open your ears, open open your mind)
There's only one way to win this game it's in your hands
And beat the level six.

You're doing well, you're gone so far
How much further can you go?
Inside your eyes I see my face
It tells you to keep pushing forward

Look ahead and see the track coming for you
Now, open your eyes, (open your ears, open open your mind)
There's only one way to win this game it's in your hands
And beat the level six.
