

# Mentalize

Andre Matos

Transforming what's invisible  
To controvert the physical  
A blinding ray across the dark  
In outerspace  
A veils of sparks

The surging particles align  
Quantum reaction in the night  
Converting matter into light

Hear an S.O.S  
Drawn inside the torrent  
Fear contains a quest  
Now the unbearable unveils

Never think you'd run away or neglect your pain  
Primal forces spin around  
Magnitude reveals a plan  
Anything leads to the edge  
Have you ever tried?

Nothing but a state of mind  
Just mentalize  
Just mentalize

A magic echoes everyday  
keeps emanating from the brain  
Converting matter into light  
The will prevails over the time

Send an S.O.S  
Drawn inside the torrent  
faith contains a quest  
The unbearable unveils

Never think you'd run away or neglect your pain  
Primal forces spin around  
Magnitude reveals a plan  
Anything leads to the edge  
Have you ever tried?

Nothing but a state of mind

Never think you'd run away or neglect your pain  
Primal forces spin around  
Anything leads to the edge  
Have you ever tried?

Drawing near
