Cavity From the Candy Paint

Can I get a what what, skate thru and check it when the nuts bust  
Pusha man the projects to the trust fund  
Love Jones gotta call his bitch lie, can find your relationship with that ni  
gga  
Throw paper crazy, say you love her, tell her you ain't gotta do that baby  
And the can come too, with a nigga in a Eddie Murphy Raw jump suit  
You got a friend, lookin for a job, not a career? Trust she can come too  
Lil' faggot ho on my lap, tryna sock it to my pot of gold  
Cus she know on the side of this rainbow huh, ain't nothing but game ho

I ride, I ride, I ride

Candy Paint

I ride, I ride, I ride

Candy Paint

Classic, like when a nigga tell a bitch just the tip  
And it ain't, never hard to find a player, just follow that drip

Cavity from the candy paint,  
Yo this is top rank  
I turn around like whatchu thank?  
Dipped in butter, super laced  
Turn up the Nakamichi  
When I floss you gotta see me  
Gotta throw my work around  
So my work a' work around

Cavity from the candy paint, I like to blow dank  
Take down the whole drank, drive at a fast pace  
Cavity from the candy paint, I like to blow dank  
Take down the whole drank, drive at a fast pace

Cavity from the candy paint, press the gas then hit the break  
Tiger prawns and New York steak, I'm known to rattle like a snake  
Cavity from the candy paint, I do it all again  
Buy a quarter ounce of kush, then crack a pint of Henn  
Touch it off with lemon squeeze, a double shot, you best believe  
I'm bout to drive I got the keys, that's hot to death but you could freeze  
Through there like Marcus Allen, soul food, Chinese and Italian  
If she thick then she a stallion, man that's like countin Paypa  
I'm just like Tony Draper, Benzed up on all my neighbors  
My Jordan number 5's are super live, with a touch of flava  
I let the weed blow and the engine run like a hot gun  
And you know the one when you see the one  
Cus when you see the one you wanna be the one
