

## In The Eyes

Andre Nickatina

Green in the eyes  
Hooked to the cash  
Don't really know how long it lasts  
And if it pasts how will i see these dead presidents calling me

Green in the eyes  
Hooked to the cash  
Don't really know how long it lasts  
And if it pasts what will we take another fool gone took his place

Love the money  
Love the cash  
Come get your own- or get smashed  
Hooked to the scratch  
Boy you know keep you coming back like blow

Green in the eyes  
Hooked to the cash  
Don't really know how long it lasts  
And if it pasts how will i see these dead presidents calling me

Green in the eyes  
Hooked to the cash  
Don't really know how long it lasts  
And if it pasts what will we take another fool gone took his place

Love the money  
Love the cash  
Come get your own- or get smashed  
Hooked to the scratch  
Boy you know keep you coming back like blow
