

## Can't Help Falling in Love

Andrea Bocelli

Wise men say  
Only fools rush in  
But I can't help  
Falling in love with you.

Shall I stay  
Would it be a sin  
If I can't help  
Falling in love with you

Like a river flows  
Surely to the sea  
Darling, so it goes  
Some things are meant to be

So take my hand  
Take my whole life, too  
For I can't help  
Falling in love with you

Some things are meant to be

Take my hand  
Take my whole life, too  
For I can't help  
Falling in love with you

For I can't help  
Falling in love with you
