## Shame On You (To Keep My Love From Me) (Radio Edit)

Andrea Corr

You left me thinking what a bore I'm always stuck inside I've got a feeling there is more Than I've been left behind A lot of pain a lot of noise That these four walls hide Happy faces go to war. And dance upon the mines

[Chorus] Come join come join come join us Your barely young come join us Youd be a man come join come join us You're big and strong come join us

You planted me in foreign ground A pen within a hand At least I am not on my own In hell I have a friend I know I find (innocence) ashamed? It isn't my crusade Dirty faces in a war Asleep in open graves

Come join come join come join us Your barely young come join us You'll be a man come join come join us Your big and strong come join us Shame on you shame on you shame on you To keep my love from me-shame on you To keep my love from me Shame on you shame on you shame on you To keep my love from me

Shame on you-close your eyes to see shame on you To keep my love from me When you close your eyes to see You block your heart to me? You changed his name to a number? But he survives a child
