

## Tomorrow In Her Eyes

Andrea Corr

I see tomorrow in your eyes  
And where my future lies  
So I don't need a crystal ball  
At all because I've seen tomorrow  
In your eyes.

Whenever life tears us away  
I'll hold on to the words we say  
And if I have to wait a while  
Then I'll be dreaming of tomorrow  
And your smile

Someday soon love  
Someday soon love  
There'll be time for you and I love

And time shall hold no sad surprise  
More hellos than goodbyes  
So I don't need my fortune told  
I know because I've seen tomorrow  
In your eyes.

No, I don't need a crystal ball  
At all because I've seen tomorrow  
In your eyes.  
I've seen tomorrow in your eyes.
