

# Make It Without You

Andrew Belle

This is the starting of my greatest fear  
I'm all packed up, getting out of here  
But then you call and tell me not to go  
That I'm the one who put the rock n roll  
In your life

This is the starting of a brand new day  
Never liked this town much anyway  
I need this city like I need the rain  
I know that somewhere there's a north bound train

Oh I'll  
Make it without you  
Make it without you  
Though my body's laying here  
It's my mouth that must be lying now

This is the starting of my fall from grace  
My self esteem, oh it's seen better days  
But you know I'll never let this go to waste  
I'll keep this memory on the map I trace  
Back to home

Friends go out, but I've been staying in  
I know I should, but that's the way it's been  
I never cared much for the taste of gin  
Still don't now, oh, but it's been helping

Oh I'll  
Make it without you  
In my life  
Oh I'll make it without you  
Though my body's laying here  
It's my mouth that must be lying now  
It's my mouth that must be lying now

Oh I  
Oh I'll make it without you  
Oh I  
Oh I'll make it without you  
Oh I  
Oh I'll make it without you!

Though my body's laying here  
It's my mouth that must be lying now
