

American Tune

Andrew Jackson Jihad

I am white and I've got everything I need.
No one clutches their purse when they're in a room alone with me
and I can drive through any neighborhood
I please at any hour and the police don't do a thing.
So if I see a penny on the ground,
I leave it alone or fucking flip it.
I'm a straight white male in America.
I've got all the luck I need.
I'm a guy getting paid more than a girl with a degree
and I can walk down the street at night and no one wants to rape me.
And I can get a girl pregnant and just as easily flee.
Just like my straight, white male dad did to me.
So if I see a penny on the ground,
I leave it alone or fucking flip it.
I'm a straight white male in America.
I've got all the luck I need.
I've got a pile of broken mirrors and I'm walking under ladders
and I'll spill a ton of salt because to me that doesn't matter.

Cus my skin and my gender and my orientation
are the best things to have when you live in this nation.
I recommend it highly.
So if I see a penny on the ground,
I leave it alone or fucking flip it.
I'm a straight white male in America.
I've got all the luck I need.
Shit's gonna work out for me.
I'm a straight white male in America.
I've got all the luck I need.
