I'll set myself on fire
So you can watch me burn
I'll hurl myself off cliffs
In the hopes that you will learn... We are fragile

Life is hard as fuck
And these times are sad and rough
How is it so tough?
To live and to love... I don't know
But I wish someone could tell me how... To hold on

Please help me be strong
'Cause I'd like to live long
I will hold on
Until the day I'm gone
