

Fuck White People

Andrew Jackson Jihad

First they take the land
Then they take the soil
And with their bloody hands
They dig for oil

So fuck white people!
(fuck white people!)
Fuck white people!
(fuck white people!)
Fuck white people!
(fuck white people!)
Fuck white people!
(fuck white people!)
Fuck white people!
(fuck white people!)

Way down in the South
They burn down your house
If your skin is black
Goddamn that shit is whack!

So fuck white people!
(fuck white people!)
Fuck white people!
(fuck white people!)
Fuck white people!
(fuck white people!)
Fuck white people!
(fuck white people!)
Fuck white people!
(fuck white people!)

They call you dirty names
They fill your head with shame
They call the police police police police
police police police police
police police police police
police police police police

Fuck those cracker bastards
Fuck 'em right in the ass
Kill the white devil
Kill the white devil
Kill the white devil
Kill the white devil

Yeah fuck white people
(fuck white people!)
Fuck white people!
(fuck white people!)
Fuck white people!
(fuck white people!)
And kill white people
(kill white people)
And fuck white people
Kill white people
Fuck white people
Kill white people
Fuck white people!
Kill white people!
Fuck 'em!
