

I Love You

Andrew Jackson Jihad

I like telling dirty jokes,
and I like smoking crystal meth,
but darling I love you.

And I like laughing at retards,
and I like throwing rocks at dogs,
but darling I love you.

I love you like the moon and stars,
when little kids get hit by cars,
girl you know its true. Darling, I love you.
I've been tryin' to move on, since you left,
since you've been gone, but its so hard on me.
Talked to a girl in first hour, bought her a cd,
bought her a flower, but she's a stupid cunt.
But I'll take anything, and I'll take anyone.
I'll take an angry lesbian with a loaded gun.
I'll take a whore with syphilis and gonorrhea too.
But darling, I love you.
