

# Love Will Fuck Us Apart

Andrew Jackson Jihad

You and me  
Go together like carrots and peas  
We should be a happy family  
Or a traveling travesty, at least

And love  
Will fuck us up  
Love will fuck us up

Breath in deep  
Breath as deeply as you can breath  
Breath deep til you're drunk will glee  
Breath deep til you're drunk with glee

And love  
Will fuck us up  
Love will fuck us up
