

We Didn't Come Here To Rock

Andrew Jackson Jihad

We didn't come here to rock
We only came to disappoint you
Cause deep down in your cunt
That's exactly what you wanted us to do

You wanted us to lead you on
You wanted us to bum you out
So you could build us up
And you could knock us down

If that's what gets your dick hard
Telling people they're bad at making art

You wanted to feel cheated
I guess we gave you what you needed
So you're welcome
Don't worry about it

Just stay on the couch
Judge whatever people do
Don't do anything for yourself
I'd hate to see it happen to you

If that's what gets your dick hard
Telling people they're bad at making art
Feeling just like you're the one in charge
Pissing on my most pathetic parts
