

Have Your Way

Andrew Peterson

Father hear me now when I am humbled
I fear that I will soon forget
Now I have no strength to stand and stumble
I have no wish to leave You yet

O Holy Father hear me now
When flesh is strong and spirit weak
Please break my back if I won't bow
Won't You have Your way with me?

Father hear me now when I am humbled
When I am bent with holy shame
All the lies that I believed have crumbled
The blood of Christ my only claim

I cannot my trust my own designs
My heart is prone to disobey
So listen Lord while there is time
Chain me fast if I won't stay
Take my life and have Your way

Please hear me Lord this blessed hour
When sin has loosed it's hold on me
Thy mercy is a mighty tower
So why should I not trust in Thee?
Father, have Your way with me
