

My Reflection

Andrew Rayel

I have this faith, that just I've shaven
Caught us on my mind
They're calling waves to take me away
I won't be back tonight

When I breathe, goes sails
We've left behind
My dream, ...
Will always be mine

Now I feel as years haven't fold, oh
And we're still connected
To those days when we were young, oh
And you're my reflection
(And you are)
(My reflection)

Now I feel as years haven't fold, oh
And we're still connected
To those days when we were young, oh
And you're my reflection
(And you are)
(You are my reflection)
