

## My Reflection

Andrew Rayel

I have this faith, that just I've shaven  
Caught us on my mind  
They're calling waves to take me away  
I won't be back tonight

When I breathe, goes sails  
We've left behind  
My dream, ...  
Will always be mine

Now I feel as years haven't fold, oh  
And we're still connected  
To those days when we were young, oh  
And you're my reflection  
(And you are)  
(My reflection)

Now I feel as years haven't fold, oh  
And we're still connected  
To those days when we were young, oh  
And you're my reflection  
(And you are)  
(You are my reflection)
