

## Once In a Lifetime Love

Andrew Rayel

I'm not giving up  
Cause i still believe we can make it  
You the one that i want  
Nobody else can replace you  
If you forgot what we are together  
I'll be here to help you remember  
You said nothing lasts forever  
I know that you and I

We're once in a lifetime love  
And i'm gonna live everytime we touch  
We're once in a lifetime love  
We're once in a lifetime love
