

Fly, Gundam

Andrew W.K.

Fire up your soul!

Fire up your soul!

Fire up your soul, Gundam
Make you rush - to the field

If you cherish a bright burning flame
Deep inside of your spirit to fight
Your enemy is in your sights,
Shoot them up! Shoot them up! Shoot them up!

Wreak your anger as you strike righteous blows, Gundam
Mobile Warrior - Gundam, Gundam

Get up on your feet!
Get up on your feet!
Get up on your feet, Gundam
Make you shout - to yourself

If you find there's a dark burning grief
Deep inside of your poor hopeless soul
To drive off all your fears
You go up! You go Up! You go up!

Make your blood burn like a fire - feel the flame, Gundam
Mobile Warrior - Gundam, Gundam

Back up on your feet!
Back up on your feet!
Back up on your feet, Gundam
Reach on out - with your hands

If you still have a stable of love somewhere inside your small
trembling heart
You will bring lasting peace
You take off! You take off! You take off!

You fly away into the deep outer space, Gundam
Mobile Warrior - Gundam, Gundam
