

# You Will Remember Tonight

Andrew W.K.

You Will Remember Tonight  
You Will Remember Tonight  
When You Remember Your Life  
You Will Remember Tonight

Today Will Be Over And Done With A Sunrise  
But The Way That You Feel Will Be Frozen Forever In Time  
You'll Forget Yesterday  
You'll Forget All The Fears In Your Old Life

You Will Remember Tonight  
(You Will Remember Tonight)  
And After All These Years This Is Your Night  
(You Will Remember Tonight)  
And After All This You Will Remember Tonight

Until The End Of Your Days  
When You Remember Your Life  
You Will Remember Tonight

The Face That You See When You Look In The Mirror  
It Won't Be The Same Shape When You Look At It Hours From Now  
You Will Notice A Change  
You Will Always Remember Tonight

After All These Years This Is Your Night  
You Will Remember Tonight  
And After All This You Will Remember Tonight

You Will Remember Tonight  
You Will Remember Tonight  
And After All These Years This Is Your Life  
You Will Remember Tonight  
And After All This You Will Remember Tonight
