

Holdin' On To You

Andru Donalds

Is there somebody out there?
Does anybody care about me?
How long do we know each other?
Those years feel like yesterday

I`m holdin' on to you
I need you by my side
Holdin' on to you
I`m holdin' on to you
I need you by my side
Holdin` on to you

In fear of a dying heart
I feel that it's only breaking
Yes - I still believe in love
And I always keep on waiting... for you

I`m holdin' on to you
I need you by my side
Holdin' on to you
I`m holdin` on to you
Forever by my side
Holdin' on to you
