

The Way I Am

Andru Donalds

That's the way I am
Thats the way I go
I'm not a lost soul
Thats the way that I go

When I used to go to school
My teacher always said to me
Why did you have to be so different?
Why are you always be so strange
Normality is not my name
I won't appologise for being like this

That's the way I am
Thats the way I go
I'm not a lost soul
Thats the way that I go

That's the way I am
Thats the way I go
I'm not a lost soul
Thats the way that I go

My mama always told me
My father always told me
Why do you have to be so different?
I told them I have to be this way
There's nothing that I've missed
I don't want to be like anybody else
I'm tired of explaining this

That's the way I am
Thats the way I go
I'm not a lost soul
Thats the way that I go

That's the way I am
Thats the way I go
I'm not a lost soul
Thats the way that I go

That's the way I am
Thats the way I go
I'm not a lost soul
Thats the way that I go

That's the way I am
Thats the way I go

That's the way I am
Thats the way I go
