

Missed

Andrzej Smolik

So fine, so light, so lost
Inside her world
I adore, i ignore

Deep hungry eyes, dress cut in a funny way
She's not the one but she gives a try
Left what she had, big dreams that be enough
Really thought she might win
But her time is up

Deep hungry eyes
She's not the one
Left what she had
Never thought she might win

Deep hungry eyes
Dress cut in a funny way
She's not the one
But she gives a try
Left what she had
Big dreams that should be enough
Really thought she might win
But her time is up
