## **Christmas Time**

## Andy Davis

Salvation Army Santa clause rings his bell when the pennyDs tossed an d I donDt know why but I feel lost

Two lovers shopping for a Christmas tree kiss each other when they cr oss the street and  ${\rm I}{\rm D}{\rm m}$  feeling like the jokeDs on me

Oooooh this sneaks up on you like cold weather Oooooh whether or not you re ready it comes Yeahhh I don t want to be lonely on the most wonderful time of year Ohhhhh but Christmas time is here

I woke up to find across the street a snowman laying in the manger sc ene and Charlie brown playing on TV

So while people were taking their winters nap I grabbed my coat and a stocking cap, went outside to think about what we have

Oooooh this sneaks up on you like cold weather Oooooh whether or not youlre ready it comes Yeahhh I donlt want to be lonely on the most wonderful time of year Ohhhhh but Christmas time is here

Walked outside started thinking about what we had

Oh that bell I rang the bottle of wine we got back together I toast them both Decembers you remind me now IDm stuck yeah IDve been by myself the view from the top been thinking about the room that I painted the shelves I built with my own hands after how long you waited took me back again in that choir we heard in that catholic church all the best and the worst it heals and it hurts to remember it heals and it hurts to remember ohh but I want to ohh just like that time the ice covered up the road and the driveway and you held my hand by that hospital bed the things that you told me IDm hanging on to them IDm hanging on to them Tištěno z www.txp.cz
