I've been here all your life watchin' your crying game You were the heaven in my lonely world And he was your sun and your rain

I was losin' you before I ever held you tight Before you ever held me in your arms And I won't make you blue And maybe an everlasting love will do

Ah, we got an everlasting love So tall, so wide, so high above the rumble of thunder down below It's your love I need, it's the only show

And it's you want an everlasting dream
Can take us anywhere, are the tears of yesterday
We killed the pain, we blew away the memories of the tears we cried
And an everlasting love will never die

Take me out of the cold, give me what I've hungered for If it's the pleasure of takin' my heart that you need Then it only makes me love you more

I was yours before the stars were born and you were mine I could have saved you all the pain you knew
And I won't make you cry
And maybe an everlasting love can try

Ah, we got an everlasting love So tall, so wide, so high above the rumble of thunder down below It's your love I need, it's the only show

And it's you want an everlasting dream
Can take us anywhere, are the tears are yesterday
We killed the pain, we blew away the memories of the tears we cried
And an everlasting love will never die

Ah, we got an everlasting love So tall, so wide, so high above the rumble of thunder down below It's your love I need, it's the only show

And it's you want an everlasting dream
Can take us anywhere, are the tears are yesterday
We killed the pain, we blew away the memories of the tears we cried
And an everlasting love will never die

Ah, we got an everlasting love So tall, so wide, so high above the rumble of thunder down below It's your love I need, it's the only show

And it's you want an everlasting dream
Can take us anywhere, are the tears are yesterday
We killed the pain, we blew away the memories of the tears we cried
And an everlasting love will never die
