

Let It Be Me

Andy Gibb

Follow you most anywhere
I must take the strain
I don't know why I've been playing so many other games
Rang you up to ask your name
Guess I've blown my cool
Ev'ry day is heartbreak day acting like a fool

But let it be me, I ask you
Let me be free, to want you
Let it be me, I beg you
Give it to me

I don't know why I'm singing this song
Guess you been on my mind too long
Can't understand what's becoming of me
It's not working out like I thought it could be
Give me your hand and I'll show you the night
I'll let you see we can make it right
And when the night's over I'll make love to you
Only us, only me, only you

Said you've got a big debate
Can't make up your mind
All my dreams are crashing through
I'm not the waiting kind
I'd go home and it it out, waiting there for you
I'd be waiting all my life if I should wait for you

But let it be me, I ask you
Let me be free to want you
Let it be me, I beg you
Give it to me

I don't know why I'm singing this song
Guess you been on my mind too long
Can't understand what's becoming of me
It's not working out like I thought it could be
Give me your hand and I'll show you the night
I'll let you see we can make it right
And when the night's over, I'll make love to you
Only us, only me, only you

But let it be me
But let it be me, I ask you
Let me be free to want you
Let it be me, I beg you
Give it to me
