

I Am Yours

Andy Grammer

Just another love song from a simple man
I've been searching for some chords underneath these hands
So I can try to tell you I love you
You know I need you like your oxygen
Be my atmosphere, let me breathe you in
So I can try to tell you I love you

I've been lost, I've been found
But I know who I am now, I am yours

I am yours now and always
Wouldn't dream to be anything more
You take my breath away every night
Still can't believe it when you say you're mine
And I am yours, I am yours, I am yours

I was free fallin' through the open sky
'Til you smiled at me and you saved my life
And I knew I was put here to love you
You got the universe swimming in your eyes
I'm an open book when you look in mine
You'll find that I was put here to love you

I've been lost, I've been found
But I know who I am now, I am yours

I am yours now and always
Wouldn't dream to be anything more
You take my breath away every night
Still can't believe it when you say you're mine
And I am yours, I am yours, I am yours

I've been lost, I've been found
But I know who I am now, I am yours

I am yours now and always
Wouldn't dream to be anything more
You take my breath away every night
Still can't believe it when you say you're mine
And I am yours, I am yours, I am yours
I am yours, I am yours, I am yours
I am yours, I am yours, I am yours
