I Am Yours

Andy Grammer

Just another love song from a simple man I've been searching for some chords underneath these hands So I can try to tell you I love you You know I need you like your oxygen Be my atmosphere, let me breathe you in So I can try to tell you I love you

I've been lost, I've been found But I know who I am now, I am yours

I am yours now and always Wouldn't dream to be anything more You take my breath away every night Still can't believe it when you say you're mine And I am yours, I am yours, I am yours

I was free fallin' through the open sky 'Til you smiled at me and you saved my life And I knew I was put here to love you You got the universe swimming in your eyes I'm an open book when you look in mine You'll find that I was put here to love you

I've been lost, I've been found But I know who I am now, I am yours

I am yours now and always Wouldn't dream to be anything more You take my breath away every night Still can't believe it when you say you're mine And I am yours, I am yours, I am yours

I've been lost, I've been found But I know who I am now, I am yours

I am yours now and always Wouldn't dream to be anything more You take my breath away every night Still can't believe it when you say you're mine And I am yours, I am yours, I am yours I am yours, I am yours, I am yours I am yours, I am yours, I am yours
