

Always

Andy Griggs

I've been up and down, left and right and wrong so many times
Both sides of the winding road, straight down the sinnerline
I cross paths with the devil, with an angel on my side
Always...

The first time that I saw you, I knew you were the one
'Cause when I walked beside you, I was walkin' in the sun
And like a fool I ran, like a lonesome highway runs
Always...

I've had my live together now at least a thousand times
But it seems that satisfaction never was a friend of mine
The way we laughed, the way we cried, and how it hurt to say go
odbye
How long can I keep missin' you this way

Always...
I sat and watched the talk, drop acres at my feet
I thought about the good times, and how good they used to be
And then I watched your memory, scattered like dry leaves

Always...
Now the wind fades to a whisper, but still I hear your name
I guess that some things in this life, are never gonna change
Though every day is different, my love for you remains
Always...

I've had my live together now at least a thousand times
But it seems that satisfaction never was a friend of mine
The way we laughed, the way we cried, and how it hurt to say go
odbye
How long can I keep missin' you this way

Always... always...
Always... always...
I miss you... I'm missin' you
Yeah I'm missin' you... always
