

Alive

Andy Hunter°

Your whisper wakens me
I hear You
You enlighten me
I see You
I'm breathing out
Life's changing now
I'm alive
I feel on top of the world
I'm alive
Everything is real to me now
Incredible to be
So near You
A rush of energy
I feel You
I'm breathing out
Life's changing now
My eyes open
I am mystified
Everything is beautiful
